

Parent & Caregiver Voice Survey

Parents know what children need to thrive.

It is getting harder to afford child care, groceries, housing, and health care. We are talking with parents and caregivers to better understand what families are experiencing and what support parents would need to get involved in shaping policies that affect their children and communities.

Your experiences and ideas can help inform real solutions.

Take the Survey

- **Survey takes just 3–5 minutes**
- **Open to parents and caregivers in Wisconsin**
- **\$10 Gas Gift Card**
- **Feedback will help build a parent network for advocacy**

About Kids Forward

Kids Forward works to improve policies that support the health and well-being of children and families in Wisconsin.

Thank you for sharing your voice and experiences.
