

Be Ready For Anything: App It Up!

Public Health
Prevent. Promote. Protect.
Winnebago County, WI

Being ready for anything can include using downloaded apps. **Considering adding a few apps in a folder labeled Emergency to your phone.** Become familiar with the ones that serve your needs best. Reach out to your local municipalities and find out if they use or recommend an app to serve your community.

FEMA mobile products

The FEMA app allows you to receive real-time weather alerts, locate emergency shelters in your area, prepare for common hazards, and more.

AirNow Mobile App

EPA's AirNow mobile app provides a simple interface for quickly checking current and forecast air quality information for planning daily activities and protecting your health. The app automatically displays the current AQI (Air Quality Index) for your local area or any area you wish to check, and allows you to store multiple areas for quick reference.
