## CAL FIRE LAW ENFORCEMENT ANNOUNCES CAUSE OF NIXON FIRE

**AGUANGA, CA—**CAL FIRE Law Enforcement has concluded its investigation into the cause of the recent Nixon Fire, which ignited on July 29th. As of August 2nd, the fire has burned 5,222 acres.

“CAL FIRE Peace Officers, after an origin and cause investigation, determined that the cause of the fire was electrical and caused by a privately owned electrical panel,” stated CAL FIRE Law Enforcement Officials.

The fire is 21% contained, with 1,047 personnel actively working to contain and control the incident. The fire has destroyed four structures, and Damage Inspections are ongoing.

An evacuation center is open at Hamilton High School, 57430 Mitchell Rd., Anza, CA 92539, daily from 8 a.m. to 8 p.m.
