

Blue Whale Architecture

Showcase

Come join your first grader to see the architectural structure they built using math, art, and science skills! Student work was inspired by Norma Sklarek, the first Black female architect in both New York and California. We hope you can come and celebrate your child's creativity and learning!

When: Thursday, March 20th from 5:00-5:45

Where: Aquila Elementary Media Center

Who: First grade students and families
