

Meet Your Talent Development Teacher

Mrs. Foudray

- Favorite Artist:* Alicia Keys
- Favorite Color:* Purple
- Favorite Candy:* Twizzlers or Twix
- Favorite Restaurant:* Melting Pot

I am married and have three kiddos. Miles is an 8th grader, Carmella and Cedric are 4th graders. My husband Ryan, loves to golf and garden. Together as a family we enjoy traveling.

I grew up in Minneapolis. I went to Edison High School. I attended St. Cloud State and graduated with an Elementary Education Degree. I have a Masters in Educational Leadership and Principal License from Mankato University. I also hold one of my *highest honors* as a full time mom of three.

Each kindergarten, first, and second grade class meets with me four times a week for 30 minute sessions. During this time we will explore STEAM (*Science, Technology, Education and Human Development, Art, Math*). The images below show the focus of each of the four instructional days. *My belief as a talent development teacher is to provide engaging learning experiences and for kids to find joy in their learning!*

K-2 Talent Development
