St. Louis Park Public Schools District-Owned Electronics Collection

St. Louis Park Public Schools students and families:

Instructional planning for the 2021-2022 school year is underway. The collection of school-issued Chromebooks, iPads, mobile hotspots and associated chargers prior to the last day of school is essential to ensure digital tools are available for learning at the start of next school year.

Beginning Monday, May 17 IN-PERSON LEARNING STUDENTS can begin to bring devices to school for collection. 'Collected' means returned to their classroom teacher at the elementary level, their Advisor at the Middle School, or their Park Connections advisor at the High School. Once returned devices will no longer be checked out or used by the students onsite and no additional tools will be checked out to them. Access to digital tools will be available to use onsite once devices have been collected.

DISTANCE LEARNING ACADEMY AND COHORT C / DISTANCE LEARNING STUDENTS will continue to use their school-issued device until Thursday, June 10, unless the device is no longer needed.
