## Park Connections

New this year, students will meet daily for 30 minutes, with their Park Connections teacher. The time will be framed around Park PRIDE and social emotional learning, as well as College and Career Readiness.

### Park Connections goals:

1. Affirming the health and safety of all students and establishing social support and deepening relationships.
2. Building social emotional competency to be successful in school and in life.
3. Processing and exploring environmental stressors through intentional conversations.
4. Building specific skills to promote college and career readiness.
