*The PSAT is to qualify students for National Merit Scholarships when taken during 11th grade. Students who are in the top third of their class and/or have over a 3.0 GPA are encouraged to take the test. Tenth graders who are in the top 25% of their class should consider taking the test as well as a practice for 11th grade. The PSAT can also be used as a practice test for the SAT.

Please contact Jami LaPray, High School Testing coordinator, with any questions.
