

## Chamber Benefit

HealthiestYou by Teladoc is a high-quality virtual care solution designed to serve the unique needs of businesses and their employees that can't afford traditional health insurance.

This exclusive chamber plan is **\$10.00** monthly per employee and covers the member employee, spouse and dependent children (up to age 26). This special price is normally reserved for companies with over 5,000 enrolled employees.

Enrolled employees can talk to a board-certified doctor and therapist for free by phone, video or mobile app 24 hours a day, 7 days a week.

It's not business as usual.

Updating workplace health benefits is on the mind of every member.

The Chamber HealthiestYou benefit will help those member employees without traditional health insurance.

### Companies that can most benefit:

- ✓ Nearly 40% of businesses with <50 employees simply don't have the budget to provide traditional health insurance. This benefit will help.
- ✓ Companies with part-time, gig, or seasonal workers often aren't eligible for group health insurance. With no participation threshold, you can provide a benefit.
- ✓ Mental health is a crucial included benefit for the well-being of your team. Every dollar invested in mental health gains four dollars in productivity.
