

Application for Scholarship for the Certificate in Special Needs

The Diocese of St. Augustine, in partnership with the University of Dayton, will be providing funding for catechetical leaders and catechists to take advantage of the Certificate in Special Needs program being offered through UD. This exciting new offering is unique and will enable our parishes and schools to be better equipped to welcome and nurture the faith life of special needs children and adults.

The DOSA Office of Christian Formation, through the generosity of benefactors, will be offering scholarships to cover the partnership costs, the cost of the 5 courses and the cost of the books involved in earning this certificate. Applications will be accepted for one person from each parish and one person from each school of the Diocese of St. Augustine. In turn, the applicant must agree to provide the diocese with a minimum of five (5) years of catechetical service. Participants will be reimbursed upon completion of the certificate. To learn more about this program, please follow the link provided below:
