

We need your voice!

District 6 has grown by more than 7,000 students in the past 20 years, which puts it more than 5,000 students over its current school building capacity. According to the US Census, Greeley is the 6th fastest growing metropolitan area in the nation, meaning the district will continue to grow in the coming years. Additional security enhancements are also needed at schools. To address both current capacity and future growth - as well as make some needed upgrades, repairs and renovations - District 6 has put a Bond measure on the ballot for the November election. To win the votes we need to pass Bond Measure 4C, we must share the need effectively and passionately – with as many people as possible.

We believe you can help us tell the story! Will you invest in our kids as a member of our Growing Great Schools Speakers Bureau? By making speakers available to community groups, we hope that every voter in Greeley and Evans will hear about the need to invest resources in our school buildings, helping our students get the best education possible.

Four scheduled training sessions will give you all the information you need to tell the story effectively. Training will focus on what will be included in the bond:

\$395 million dollars will positively impact our community's future to:

- improve safety and security of schools,
- rebuild schools that are in bad condition, and
- improve spaces for student learning, including career and technical education.

We'll also share how the bond will impact both residential property and commercial properties, and the positive economic impact to our community.

If you agree to be a storyteller for this important issue, you can choose from one of four dates for the Speakers Bureau training:

- Wednesday, September 11, 8:00-9:30 am
- Thursday, September 12, 4:30-6:00 pm
- Thursday, September 19, 8:00-9:30 am
- Friday, September 20, 12:00-1:30 pm

All training sessions take place at the Greeley Area Chamber of Commerce - 902 7<sup>th</sup> Avenue (Historic Union Pacific Railroad Depot).

We sincerely hope you'll join us in the effort to pass the bond for our kids in 2019. Please RSVP to [admin@greeleychamber.com](mailto:admin@greeleychamber.com) to let us know which training session you'll be attending.

Thank you!
