Apr 29<sup>th</sup> – Virtual Board Meeting

## PREZ report- Hi all,

This newsletter comes as the first after almost a month of home confinement. We have not had much contact as a full group but I hope everyone is doing well. We are a community and a family that is strong together and we need to rely on each other for strength in these tough times. Our number one concern is the health and safety of our members, so we encourage you all to stay home and stay healthy. We also are a valuable resource for our community; so we need to use our desire to serve and help to find ways to get involved as our community struggles. If there is a Greeley Kiwanis member that is struggling from loss of work, health issues, unable to shop, or anything else please speak up and our group will be happy to help. Also, we need to think about the people that have helped our Kiwanis group survive. Families and businesses that have donated to us in the past may need our help now and we want to be here for them. We will get through this and hopefully our community will be stronger or more connected because of it. I encourage everyone to look for the people that are actively helping during this time. Those are the people we want in our Kiwanis family so let's reach out to them and invite them to join us when we are able to get back together as a group.

President Chad
