

# Feeding Our Health Care Heroes

A program to support UCHealth Greeley Hospital

Local Greeley restaurants are providing meals for health care workers who are working on the front lines during the COVID-19 pandemic. We are asking you to give back to those who work tirelessly to care for our community. Together we are stronger.

## How can you support this program?

1. Make a direct donation to participating restaurants.
2. Order a take-out meal from participating restaurants, and purchase a meal for a health care worker.
3. Order a “Feeding the Family” boxed meal from participating restaurants that will be available for Greeley Hospital health care workers at no cost.

## Thank you participating businesses:
