Leadership Weld County

Leadership Weld County, a program of the Greeley Area Chamber of Commerce, is committed to ensuring the continuity of knowledgeable and effective leadership in Greeley and Weld County.

Leadership Weld County begins the year with a focus on learning about and examining individual leadership behaviors. We utilize Leadership Practices Inventory to help participants understand their own specific leadership behaviors. In addition, class sessions cover topics such as: Agriculture, Health, History, Economic Development, Public Safety, Education, Manufacturing, Energy, Non-Profit and Transportation.

What a great experience getting to know the community of Greeley, learning valuable leadership skills & best of all, getting to know other leaders in Weld County representing a broad range of agencies & organizations. Thank you Greeley Area Chamber for offering this valuable experience.

- Julie Luekenga, Aims Community College

Leadership Weld County has been an amazing experience! My only wish is that I had participated sooner. Although I have lived I Greeley and Weld County a long time, I learned new things about our great community during every session. In addition the leadership skills sessions were extremely beneficial both personally and professionally.

- Julie Hill,
The Success Foundation,
Greeley-Evans Schools

“I want every emerging leader to complete Leadership Weld County. The program provides great exposure and practical leadership development skills.”

– Lyndsey Crum,
University of Northern Colorado
