

LEADERSHIP GROVE

PURPOSE

LEADERSHIP GROVE is a program designed to identify, motivate, and place emerging leaders through development of their potential for community leadership. This is accomplished by stimulating an interest in the quality of life in Grove and by providing a common meeting ground of shared concerns among leaders from all sectors of the community. It prepares participants for more active involvement in public affairs.

OBJECTIVES

- Expand the leadership potential of participants by increasing their knowledge of Grove and the critical issues that face the community by exposing them to present community leaders.
- Provide information to potential leaders on the key organizational structure within the community.
- Acquaint potential leadership with current community needs.
- Motivate potential leaders to assume responsibilities and opportunities inherent in the leadership program.
