

# New Majors & Programs at Spalding

We've expanded our options for a more robust liberal arts education. From relevant majors to high-quality support programs, see what's new at Spalding University:

## African American Studies

**Starts Fall 2022**

Connects our collective history to current cultural topics as you examine race identity, structural and institutional racism, inclusion strategies, and more.. You'll develop essential, highly sought-after skills to promote inclusion, diversity, and empathetic leadership. The **BA in African American Studies** offers:

- Embedded service-learning experiences
- Internship and research opportunities that have a direct community impact
- Opportunity for nomination to the Ankh Maat Wedjau Honor Society

## Honors Scholar Program

**Starts Fall 2022 for incoming first-year students**

Optimize your classroom and campus experience. The **Honors Scholars Program** enhances the learning of academically-strong, self-driven students.

- Special honors seminars with more complex, in-depth course material
- Enriching extracurricular activities and field trips
- Recognition as an "Honors Scholar"

Initial consideration is based on GPA. See if you're eligible to apply.
