

AMO FRANCHISE OPPORTUNITY

SMART BUSINESS

IMPROVE PROFITABILITY

By joining the AvWorks Aerospace team, AMEs spend more time on-wing (generating revenue) and less time on paper work. AMEs can be self-employed while sharing the benefits of a strong technical network and administration specialists.

Motivated AMEs can become franchise owners under the AvWorks AMO. This allows AMEs to work on commercial aircraft without the hassles of maintaining all the manuals, systems; and the costs associated with owning an AMO.

LOOK FORWARD TO

- Branding: shirts, business cards, logos, literature, product promotions, toll-free phone
- Share specialized & calibrated tools/testers and equipment ie Dynamic Prop Balancer
- Access to "PAMS" (Professional Aircraft Maintenance System)- Custom software
- Book-keeping/invoicing managed by qualified, professional AvWorks staff
- Strong Technical Support network of experienced, factory-trained AMEs
- AOG email address/support, remote and rapid response services
- Stores/inventory/parts purchasing and management services
- HR management including payroll/deductions/remittances
- Access to AvWorks Ratings: Aircraft Avionics and Structural
- AMO Operations/Product Liability Insurance of \$5M
- Business Development/Strategic Marketing services
- Quality Control/Quality Assurance management
- Access to Shared Technical Publications
- Access to the AvWorks AMO 62-13

BASE OWNERSHIP
