# ***Mental Wellness for All:***

## ***A Virtual World Mental Health Day Forum***

**World Mental Health Day is October 10<sup>th</sup>. This year's theme is "Mental Health for All: Greater Investment – Greater Access." Please join us and our partners in a three-day virtual commemoration beginning October 9, 2020, and ending October 11, 2020.**

We are offering a selection of live and pre-recorded webinars on an array of important topics related to mental health – all FREE! We have laid out the agenda so that you may choose to attend one or all webinars, and more will be added soon! Please follow us on Facebook for updates, or email [jknudson@greentearinitiative.org](mailto:jknudson@greentearinitiative.org) with any questions.

We hope you enjoy your experience, as well as gain greater awareness and appreciation for the many aspects of life that affect – and are affected by – mental health.

**We all have mental health, and we all deserve wellness!**

**Introduction to Gambling Disorder – Part 1**

This webinar will discuss an overview of gambling disorder. Participants will develop an understanding of what is considered gambling, the progression from gambling for fun to struggling with problems relating to gambling, similarities/differences compared to substance use/mental health issues, and evidence-based clinical interventions used with clients in treatment. Trainers will aid participants in how to infuse gambling education and awareness into work that is already being provided, as well as discuss DSM 5 criteria, screening tools, resources, and the referral process.

This free, pre-recorded training is offered in two parts by the Connecticut Council on Problem Gambling. Trainers are Kaitlin Foshay Brown, Licensed Professional Clinician, Internationally Certified Gambling Counselor, Board Approved Clinical Consultant with the National Council on Problem Gambling, and Director of Programs & Services at the CT Council on Problem Gambling; and Stephen Matos, Recovery Support Specialist, Internationally Certified Gambling Counselor, and a person in long-term recovery of over 32 years from gambling, alcohol, and as a person affected from problem gambling.

**Mental Health First Aid – A Community Bridge to Care *LIVE***

Mental Health First Aid is a public health certificate training often called "CPR for the mind". Founded in Australia in 2000 and managed in the U.S. by the National Council for Behavioral Health, Mental Health First Aid teaches participants how to respond to signs of mental health and substance use problems. The training teaches skills needed to reach out and provide initial support to someone who may be developing a mental health challenge or experiencing a crisis - offering the possibility of earlier intervention and recovery.

This free, informational webinar will be live, and attendees will be able to ask questions. If you are interested in Mental Health First Aid certification, please visit [www.mentalhealthfirstaid.org](http://www.mentalhealthfirstaid.org) for a training near you. The presenter, Valerie English Cooper, is a Mental Health First Aid instructor (Mental Health First Aid, Youth Mental Health First Aid, and Teen Mental Health First Aid), as well as a trainer for the National Council for Behavioral Health, certifying instructors nationwide. Valerie founded the Mental Health Education Collaborative in 2019 to provide Mental Health First Aid training to businesses, schools, and communities throughout Connecticut.

**Finding Solid Ground: How to Make Emotional Safety a Priority during the Coronavirus Pandemic**

We are living through a shared experience that is challenging and scary. With this comes feelings, thoughts, and sensations that are new, but also commonly experienced, and can result in finding ourselves ungrounded and unsafe, with little sense of agency in our lives. In this webinar, learn about healthy ways of coping during times of grief and stress so you can protect your mental, emotional, and physical health. This free webinar is pre-recorded and presented by Remi Kyek, Chief Experience Officer at Mental Health Connecticut.

**Art Mindfulness Using Vincent van Gogh's "Starry Night" LIVE**

Join artist Katie Atkinson as she guides you in creating your own interpretation of Vincent van Gogh's famous "Starry Night" painting, while you practice remaining in the present, experiencing flow and gratitude. Just the process of looking for things to feel grateful about helps to strengthen the brain's neural pathways and move in an upward direction from a depressed or negative state, and making art creates many of the same feelings as being in a state of meditation. As you work, you may discover insights about your healing journey. You may use paint, markers, crayons, colored paper scraps, craft supplies – whatever you have handy and enjoy working with! This free class will be live, and you will have the opportunity to share your work, if you choose.

Katie Atkinson has facilitated many recovery groups and has lead creative therapeutic art workshops for Mountainside Treatment Center and the Center for Human Development, as well as arts organizations and museums. You can read more about Katie's background at [www.katieatkinsonillustrator.com](http://www.katieatkinsonillustrator.com).
