

Health Equity Planning & Technical Assistance

Organizational Benefits to Receiving Free Health Equity Assistance

-  Learn how to transform your organization into a racially just, culturally & linguistically appropriate agency
-  Learn how to develop a Health Equity Plan
-  CLAS (Culturally & Linguistically Appropriate Services) Standards help demonstrate your organization's intention on improving health disparities and adherence to federal guidelines and other funding requirements

Connecting to Care is a federally funded initiative focused on improving the state's behavioral health system for children. To best serve all children with behavioral health needs in our state, the services that children and families might benefit from must be racially just, culturally responsive, and linguistically appropriate.

Learn how you can receive free technical assistance and join our mission to transform organizations by committing to the elimination of disparities in our communities.
