**Tuesday, May 25th**  
**10:00am-12:00pm (ET)**

**2 hours of  
Continuing  
Education Credits**

TTASC is an approved training provider recognized by  
the Connecticut Certification Board

This two hour virtual training will focus on the foundation of ethics for the prevention professional and provide tools and resources for supervisors to support ethical behavior. TTASC's team of trainers will guide participants through the Prevention Code of Ethics Framework and examine the six guiding principles.

## Learning Objectives

- Define ethics and related key terms
- Application of the six principles from the Prevention Code of Ethics to prevention work
- Use a process to resolve ethical dilemmas

## Who should attend this event?

- Prevention professionals /coordinators working at the state level or in communities
- Members of local prevention coalitions
- Organizations/staff that support prevention initiatives
