

# Are You Interested in Becoming a Certified Prevention Specialist (CPS)?

## Certified Prevention Specialist Office Hours

**Wednesday, May 26th 10:00am - 11:00am**

**SIGN UP NOW**

The internationally approved Prevention Specialist Certification focuses on six work competency domains including Planning and Evaluation, Prevention Education and Service Delivery, Communication, Community Organization, Public Policy and Environmental Change, and Professional Growth and Development. Prevention Certification office hours is not a structured training but a drop-in conversation in which you can get specific questions answered.

### Learning Objectives

- Benefits of earning a certification in the prevention field
- The six prevention competency domains covered in certification
- Application requirements
- How to register and prepare for the certification exam

### Who Should Attend

- Coalition Coordinators working with State and/or Federally funded prevention coalitions
- Individuals working in the field of prevention
