

Swindells Resource Center

Off to a Great Start!

Early Childhood Mental Health

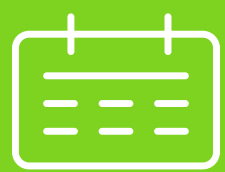

For parents and caregivers of children zero to five

The role of parents and caregivers is of the utmost importance in the healthy development of infants and young children. Join Alejandra Moreno, LPC to learn about Early Childhood Mental Health including:

- What is Early Childhood/Infant Mental Health
- The importance of the role of the family/caregivers
- Appropriate behaviors according to stages of development
- When a behavior becomes worrisome
