

THE CONNECTOR- QUARTERLY NEWSLETTER

It is with sincere excitement that we present to you the Elks Aidmore quarterly newsletter, the "Connector". It is our hope that this newsletter will provide our stakeholders with up-to-date information on our programs and the services we are providing to the children, youth, and families that we serve. It is also our hope to keep you informed about upcoming events and opportunities to support Elks Aidmore.

GREETINGS FROM THE CEO'S DESK DR. VICKY HALE

Elks Aidmore's mission "To provide youth and families in crisis with the necessary skills and resources to help heal their hearts, restore their hopes and rebuild their lives." has driven the work we do every day for the last 29 years. It is this same mission that gives us purpose, commitment, and determination to make a difference. While the leadership of this agency has shifted with Abe's retirement, the quality of work we do daily will not shift. We are just as devoted and intentional about the work that needs to be done to fulfill our mission.

Children's lives are impacted by the work that we do at Elks Aidmore. Our staff in all programs are challenged to continue learning new and innovative ways to connect, interact and meet the needs of the children and families in our care. We are transforming the lives of children, adults, and families. What an awesome responsibility to have and I am thankful for the opportunity.

REBUILDING LIVES

WELCOME COO DR. KIM WOODS

Kimberlee A. Woods, PhD, LMSW has lived most of her life in servitude.

Her passion is advocating for those who cannot advocate for themselves. Her post-Master's practice experience began working with children who were in the custody of the Georgia Department of Family and Children's Services and has moved into roles that worked with the same population in the private sector for over 10 years. Dr. Woods functioned in leadership roles with two different private therapeutic foster care agencies. The first as a supervisor for four years and the second as a Regional & State Director. Dr. Woods has also worked with individuals who have intellectual and/or developmental disabilities with the state agency, Department of Behavioral Health and Developmental Disabilities (DBHDD). She has maintained licensure in the state of Georgia since 2009. Dr. Woods serves on the Board of Directors for Decatur Cooperative Ministries and is an Adjunct Professor for Clark Atlanta University.
