

Official Opening of the Paved Roller Ski and Biathlon Trail Network
July 24, 2026

Dear Members,

On behalf of the Board of Directors and staff of Caledonia Nordic Ski Club, it is our pleasure to invite you to the official opening of our new Paved Roller Ski and Biathlon Trail Network. This project marks one of the most significant milestones in the history of our Club, and we would be honoured to celebrate it with the people who helped make it possible—our members.

This facility represents years of planning, collaboration, and dedication. While it was made possible through the generous support of the Province of British Columbia, PacifiCan, and many valued partners, it is also the result of a strong membership that continues to believe in the vision of a vibrant, year-round recreation facility.

Together, we have created one of only three dedicated roller ski facilities in Western Canada. More importantly, we have created a place where athletes can train, families can recreate, children can learn, and our community can continue to grow for generations to come.
