

The US Transportation Security Administration (TSA) published a "International Civil Aviation Organization standards" [meeting notice](#) in the federal register, see details below.

DEPARTMENT OF HOMELAND SECURITY
Transportation Security Administration
Notice of Meeting

AGENCY: Transportation Security Administration, Department of Homeland Security (DHS).

ACTION: Notice.

SUMMARY: Pursuant to standards of the International Civil Aviation Organization (ICAO), effective June 30, 2021, all international air-cargo transported on commercial aircraft must be screened by the aircraft operator or received from another regulated entity that has applied security controls that satisfy the international standards. The Transportation Security Administration (TSA) intends to implement a new program that meets the ICAO standards for an alternative to screening and **is announcing a closed meeting with representatives of e-commerce fulfillment centers, manufacturers, shippers, suppliers, warehouses, and third-party logistics providers who ship international air cargo** to discuss this alternative framework. This meeting will be closed to the public. Participation is limited and all participants must be validated by TSA as a representative of one of the industries identified above and obtain clearance from TSA for access to Sensitive Security Information (SSI). In light of the COVID-19 public health crisis, the meeting will be virtual.

DATES: This meeting will occur on Wednesday, January 13, 2021, beginning at 9:00 a.m. (Eastern Standard Time). Requests to attend the meeting must be received by the individual listed in FOR FURTHER INFORMATION CONTACT on or before January 6, 2021.

[Read Federal Register here](#)

What you may expect from both passenger and all-cargo airlines due to this requirement:

- ✓ **Export shipments bound to international destinations may be required to pay a per-kilo security screening additional surcharge (chargeable weight).**
- ✓ **ULD not accepted due to the airlines not having the screening technology to screen such cargo.**

SOLUTION: AVSEC have partnered with Rapiscan to offer X-ray and ETD screening technology to your Company on a Worldwide basis, as well as a TSA approved K9 Cargo Screening Company for bulk cargo screening such as ULDs and Pharmaceuticals COVID19 Vaccine Shipments.
