

Rhode Island Manufacturers Association *RIMA Political Action Committee*

“Time for the Business Community to make a Political Statement” ...

*This election year is critical for the business community. We have more individuals in the State House who are anti-business. The business community is a well that they draw monies from. **Some legislators are discussing a 10-15% tax on YOUR GROSS SALES.** There are many more issues to be concerned with as well. You can sit and do nothing but do not complain in 2023 when the business community sat back and did nothing to stop these anti-business candidates.*

It is time we join together and support those candidates that support the needs of the business community. Make a difference in this upcoming election because if we don't do it this year.....the coming years will only get worse!!!

Please Count Me In!
