Hannibal First Christian Church (Disciples of Christ) has a set of draperies that need a home.

HFCC recent capital campaign included updates in our sanctuary. Mr K's Fabric Shop help select materials and design the draperies for us after careful measurement. Then HFCC decided to take out a set of risers from the front of our chancel. A great idea! However, we were not quick enough to change the length of the drapes. Drapes were already made and were now over 220 inches too short.

So, we had to reorder the longer draperies, leaving us with a brand-new set of beautiful drapes to find a home.
