

The Sagamore Council Leadership Team (Scout Executive, Asst. Scout Executive, Council President, and Council Commissioner) will conduct a “Fireside Chat” at your district Roundtable Meeting in January. The intent here is for us to deliver key messages to all of our unit and district leaders and to then field questions and hear concerns that you may have on any topic. Striking up good dialogue just as we would sitting around the campfire! Some topics may have to be tabled to another night to allow ample time to hear feedback from all that want to voice it, but this is a great way for us to garner feedback from our leaders to ensure that all stakeholders in the Council are heard and communicated with. This will also allow your unit to provide feedback, probably in a survey format on how your unit/chartering organization will address the inclusion of girls in the fall next year (welcoming them, not welcoming them, etc). ALL LEADERS are encouraged to attend. Please bring a dish to share (pot luck style) because meetings are inherently better when there is food!
