

KNOW ABOUT YOUR WATER!

ENVIRONMENTAL COMMITTEE

COLLEGE OF AGRICULTURE & LIFE SCIENCES
COOPERATIVE EDITION

WATER RESOURCES
RESEARCH CENTER

A Presentation of Recent Research by the WRRC bringing you the information you're concerned about regarding our water supply.

We will be covering basic facts about Arizona water resources; the geology and hydrology, major water users, and water quality of

Green Valley/Sahuarita; and a glimpse of what the future holds for area water resources. The final part offers ideas for individual actions you can take to protect and conserve this essential resource.

Q&A and Survey will be following the presentation.

February 25, 2020 at 10:30 AM
