

Global Environmental Sciences Summit

June 4, 2021

Hosted by PerkinElmer, Inc.

Call for Abstracts

Please join us at the Global Environmental Sciences Summit online, June 4, 2021. The summit will provide opportunities for environmental scientists from a variety of organizations – international, national, government, local, nonprofit and academia – to educate themselves on the latest industry trends and regulations, attend technical and poster sessions, exchange ideas and network with colleagues from across the globe in a virtual environment.

The Summit Program Committee is welcoming abstracts for oral presentations and posters focused on topics related to the following themes and sessions:

- Emerging Contaminants
- Microplastics / Plastics
- Air Quality
- Green Chemistry
- Agribusiness / Agriculture
- Green Business

When submitting your abstract, please include the following:

- Title
- Presenter(s)/Author(s)
- Short biography of presenter(s)/author(s) – maximum 100 words
- Abstract – maximum 300 words
- Theme or Session you are interested in participating in
- Presentation, Poster, or either/both

Presentation Guidelines

Concurrent sessions will be 90 minutes in length with 20-minute presentations on a common subject or theme. Following the completion of the session presentations, a roundtable discussion will be hosted by the session chairperson and will include audience questions. Speakers have the option to record their presentation in advance.

Submission Directions

All abstracts will be reviewed and selected by the Summit Program Committee based on relevance and available space. **Student entries are encouraged.** Not all abstracts are guaranteed a place on the schedule.

Please submit abstracts directly to the Summit Program Chairperson – John Martin, john.martin@perkinelmer.com.

All abstracts must be received no later than **April 19, 2021**. Authors will be notified on a rolling basis if they have been accepted to present.
