

Riparian Restoration & Tamarisk Beetle Workshop

NOVEMBER 29-30, 2018
BUREAU OF RECLAMATION, YUMA AREA OFFICE
7301 CALLE AGUA SALADA
YUMA, AZ 85364

Join us for a full classroom-style workshop on November 29th from 8am-5pm followed by a half day in the field on November 30th from 8am-1pm. Speakers will include experts in the tamarisk leaf beetle, invasive species removal, revegetation, endangered species, planning, monitoring, and all aspects of a successful and sustainable restoration project. The field day will include site visits to several restoration areas along the lower Colorado River. The workshop will also provide numerous opportunities for networking.

Contact Melissa McMaster at mmcmaster@riversedgewest.org for more information.

Registration - \$30

REGISTER BY NOVEMBER 20, 2018.
