Time: 4:00 pm – 6:30 pm

Location: Adult Center of Prescott | Front Ballroom

1280B E. Rosser Street | Prescott, AZ

REGISTER HERE

The University of Arizona Water Resources Research Center (WRRC), in partnership with Yavapai County Cooperative Extension, The Nature Conservancy, and APS, is pleased to host an in-person event featuring partners from the Prescott AMA. With presentations from the City of Prescott, Town of Prescott Valley, Town of Chino Valley, and Yavapai County, this event highlights innovative management approaches to stormwater, wastewater, effluent reuse, and recharge, focusing on collaboration for regional water solutions. Discover how local governments are working towards a sustainable water future through diverse supply management, water augmentation projects, and watershed protection. We warmly invite the public to engage in this conversation and learn more about collective efforts to address water challenges in the Prescott AMA.

UNIVERSITY OF ARIZONA WATER RESOURCES RESEARCH CENTER

Dr. Sharon B. Megdal is the Director of the Water Resources Research Center at the University of

Arizona. She will provide an overview of state regulations and policies that influence water resources in the Prescott AMA.

CITY OF PRESCOTT

Leslie Graser is the Water Resources Project Manager for the City of Prescott. She will provide an

overview of water management strategies for the city's various supply types, while also looking toward future supply opportunities.

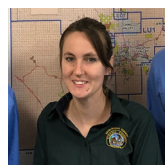

THE NATURE CONSERVANCY

Kim Schonek is the Verde River Project Manager for the Nature Conservancy. She will be providing

local context to water challenges in the Prescott AMA and surrounding areas.

YAVAPAI COUNTY

Becca Sirakis is a Senior Planner with Yavapai County. She will share how

Yavapai County's Comprehensive Plan protects the quantity and quality of available water within the watershed.

TOWN OF PRESCOTT VALLEY

Tracy Lund is a Water Resources Advisor for the Town of Prescott Valley. Her presentation will focus on current and

developing water projects in Prescott Valley that aim to augment water resources.

UNIVERSITY OF ARIZONA WATER RESOURCES RESEARCH CENTER

Taylor Simmons is a Graduate Outreach Assistant at the Water Resources Research Center.

She will provide an overview of the Arizona Water Factsheet Initiative, highlighting the Yavapai County Water Factsheet.

TOWN OF CHINO VALLEY

Mark Holmes is Water Advisor to the Town of Chino Valley. His presentation will

outline the need for unified water organization to address regional water challenges and sustainability goals in the Prescott AMA.
