

COMPLETED PROJECT

PROJECT NAME:
 Gasvaerks Gade Emergency Road Repairs

PROJECT CONTRACTOR:
 Voneto's Trucking & Equipment Services LLC

ISLAND:
 St. Thomas

The Virgin Islands Department of Public Works (DPW) has completed emergency road repairs along Gasvaerks Gade on St. Thomas.

The emergency repairs included partial milling, grading, and paving to restore previous repairs and address roadway damage caused by nearby water flow.

The improvements will help provide motorists with a safer, smoother alternate route during the partial closure of Veterans Drive for the demolition of the Addelita Cancryn pedestrian bridge. Gasvaerks Gade will reopen to the public at 6 p.m. today, Friday, August 28.
