FIELD INVESTIGATION TO BE CONDUCTED IN THE BOVONI NEIGHBORHOOD

St. Thomas, U.S. Virgin Islands — The Virgin Islands Waste Management Authority (VIWMA) is committed to improving the reliability, resilience, and long-term performance of the Territory's wastewater infrastructure. Through the FEMA-funded Prudent Replacement Program, VIWMA is advancing wastewater improvements that will help strengthen essential services, reduce system disruptions, and continue to serve the community.

As part of this effort, VIWMA has retained KHVI to support the planning, design, and construction of wastewater infrastructure improvements.

From Saturday, August 8, 2026, to Friday, August 21, 2026, KHVI field personnel will be conducting existing utility and drainage observations in the Bovoni neighborhood.

Observation work will include checking:

- Water meter and valve locations
- Electrical transformer locations
- Sewer cleanout locations visible from the street
- Street manholes and drainage structures

Field personnel will wear KHVI-branded reflective safety gear, and crews will remain in public areas and roadways. They will not enter private property, open gates or fences, dig, or disturb the ground.

-more-

It's Our Home! Let's Keep It Clean!

When street manholes are opened, crews will use safety cones, a vehicle with a flashing orange light, and personnel directing traffic as needed.

We appreciate your understanding and cooperation during this important work to enhance our community's wastewater systems.

For more information, feel free to email us at customer_care@viwma.org or communications@viwma.org, or call 340-715-9100 for St. Thomas or 340-712-4962 for St. Croix. Stay connected with VIWMA on Facebook, X, and LinkedIn for updates.
