Montessori Activity Kit Options for Smaller Homes & Giving Back

As a Give Back to our communities, Dementia Support would like to help smaller LTC facilities in attaining Montessori Activities. If your home has 60 beds or less you can order Montessori Half Kits, Dementia Support will supplement each of those kits with extra Montessori Activities to make their selection more plentiful.

Half Kit \$1500 each (for smaller homes only)

“We love the kits. We use them daily and have found them very effective in reducing responsive behaviours for even our most difficult residents.”
