

2017 Returnable Kit Agreement

This form is to be completed by the BEST teacher who is responsible for the safe return of the equipment in the Returnable Kit. The completed form is submitted when the Kit is picked up.

_____ I understand that it is important for my team to be familiar with the information found in the Kit Usage part of the Rules Document, a copy of which is given to my team at Kickoff and which is available on the BEST Robotics, Inc. website.

_____ I understand that the exact parts within Returnables Kit I was loaned are to be returned – **undamaged, unpainted, unmodified** – to Rocky Mountain BEST before my team leaves the final competition, unless my team receives an approved extension (using the RM BEST 2017 Request for Loan of Returnable Kit form).

_____ I understand that the parts entrusted to me are expensive, and that replacements are likely not available if we damage or destroy them while they are entrusted to my team.

_____ I understand that my school will be invoiced for any missing or irreparably damaged part(s) once the Kit has been inspected after the final competition or extended loan period is over.
