WHO IS THIS TRAINING FOR?

Practitioners who work with children, youth and families:

- Case managers
- Family navigators
- Youth workers
- Outreach staff
- Program coordinators

WHAT WILL I LEARN?

This free Youth and Families Thrive training doesn't just build knowledge — it changes how practitioners see and work with families.

- A multi-generational framework grounded in developmental science
- Practical tools for building relationships that build trust and drive change
- Common language bridging child welfare, education, health & community systems
- Skills rooted in healing-centered and trauma-informed practice
- A professional network of Nebraska practitioners

FROM PAST PARTICIPANTS

"Extremely comprehensive and important for those of us in this field."

— Training participant, Columbus

"Very relatable, great presenters, content was flexible to fit our needs."

— Training participant, Sioux City

Families Thrive was developed by the Center for Study of Social Policy (CSSP) and includes elements from Strengthening Families™ and Youth Thrive™. The training delivered in Nebraska is an adaptation of the original training per agreement between Nebraska Children and CSSP.
