Starting a Child Care Business- What You Need to Know

Are you considering starting your own child care business?

Join us for an informative session where we will explore the benefits of getting licensed and provide you with everything you need to know to get started. We'll cover the essentials of the early childhood profession, what it means to be a small business owner, licensing requirements, access to start-up funding, and additional resources including NECC's Licensing Toolkit Program. This session will equip you with the knowledge and tools to set you on the right path. The evening will end with time for Q&A and a Provider Panel!

Offered in English and Spanish • Door Prizes
