

WHAT'S A CHILDCARE PROVIDER RESOURCE CENTER?

It's exactly what it sounds like! This Childcare Provider Resource allows providers to check out toys and materials for one month at a time. This provides children with a fresh supply of learning toys and materials without the cost of purchasing new!

HOW DOES IT WORK?

What: Childcare Provider Resource Center

Who: For licensed childcare providers in Platte, Colfax, Boone, and Nance counties

Where: Columbus Public Schools Administration Building
2410 16th Street, Columbus · Suite A (Use west door)

When: 6 – 7 p.m. on the second Monday of each month

How long: Materials can be checked out for one month depending on wait list for items and frequency of getting to Columbus

Why: To support the workforce behind the workforce, our childcare providers!

Pssst...We know items will break and that's okay! Kids can be hard on toys/materials. We just want the items to be used by providers and children.

CAUW/CFP, along with Columbus Public Schools, are proud to have partnered in making these materials available at the Kramer Education Center (KEC) in Columbus. Materials can be picked up and returned at a time that is convenient for you, arranged through coordination with one of our staff members.
