BRIDGES OUT OF POVERTY

A must for those working with individuals and families struggling with elements of poverty.

During this presentation you will gain ground-breaking insight on the realities of economic diversity and the causes of generational poverty. Material developed by Dr. Ruby Payne is vital information for employers, health care providers, educators, law enforcement officers, members of the justice system and human service staff and volunteers. The goal of the workshop is to develop a greater understanding of poverty leading to better communication and increase positive interactions within the community.

Topics Covered in this Workshop Include:

- Creating a mental model of poverty
- The causes of poverty
- Generational vs. situational poverty
- Our "hidden rules" of economic class
- The role of language and story
- Mediation as a tool
- Building resources & the stages of change

For those wanting Social Work CEUs, a certificate of workshop completion can be provided to them.
