Spots are limited!

**No one has to do everything,
but everyone
has to do something.**

WHAT IS GREEN DOT?

Green dot is a nationally recognized bystander intervention program that empowers individuals to recognize and safely intervene in high-risk situations. By learning practical tools and strategies, we can all help prevent power-based personal violence in our communities.

WHAT YOU'LL LEARN:

- How to recognize potential warning signs of violence.
- Strategies to intervene safely and effectively.
- How to shift social norms and build a culture of safety and respect.
- Ways to support survivors and reduce harm.

WHY IT MATTERS:

Small choices can lead to big change. Your Green dot moment could save someone from harm and create ripples of safety in your community.
