

NEED A RIDE? REGISTER NOW!

If you are 60+ and think you might need a ride to get your COVID-19 vaccine, you may be eligible for a low-cost or donation-based ride.

The Kent County Health Department is teaming up with several local organizations and paid and volunteer drivers to support rides for seniors/elders to get to and from vaccination clinics. If you or someone you know may need a ride, don't wait - register now. When you are scheduled for your vaccination appointment, you may be connected with a ride through one of the partner agencies assisting with this effort.

REGISTER NOW!

RIDELINK:

¿NECESITAS QUE TE LLEVEN? ¡REGÍSTRATE YA!

Si tienes más de 60 años y crees que podrías necesitar que te lleven a vacunarte contra COVID-19, es posible que puedas obtener un transporte de bajo costo o a base de donaciones.

El Departamento de Salud del Condado de Kent se está asociando con varias organizaciones locales y conductores pagados y voluntarios para apoyar los traslados de las personas mayores para ir y venir de las clínicas de vacunación. Si tú o alguien que conoces puede necesitar transporte, no esperes - regístrate ya. Cuando se te programe una cita para la vacunación, es posible que se te asigne un transporte a través de una de las agencias asociadas que colaboran con este esfuerzo.

¡REGÍSTRATE YA!
