Bringing Light To The Shadows

Talking About Tough Issues In The Church

Join UCC clergy colleagues
from across the state in the beautiful
north woods for a time of learning,
relaxation, and renewal.

We will be thinking together about
ways to talk about issues the church
often shies away from.

Our presenters will focus on the issues
of suicide and sexual assault,
but there will be time for you to
share issues of concern
to you and your community.

Coordinated by the Northeast Association's
Division on Wider Church Ministries
