Too often when people don't know how to talk about something, they simply say nothing. For those who are experiencing suicidal desperation, silence amplifies their sense of isolation and hopelessness.

Soul Shop™ equips people to minister to those impacted by suicidal desperation including:

- Adults and youth who are considering Suicide.
- Family members and friends who are anxious about a person who may be considering suicide.
- Persons who have lost a loved one to suicide.
- Second Day people – those who have been suicidal in the past but have found a way out of suicidal thinking.
