

# “Steps on the Journey”

## A Healing Retreat

April 24-26, 2020 at Moon Beach

*Resilience. At times, we may not feel resilient, but we are survivors. We are all resilient. During our time together, we will explore, discover, honor and celebrate our resilience.*

Come and share a safe and confidential weekend with other women (18 years and older) who have experienced rape, sexual assault, and/or childhood sexual abuse (including marital/partner rape, date rape, and stranger rape).

Gathering together is important part of the healing process that encourages and supports us. There is something so comforting about being with those who “get me”, even though our stories may be different. Our weekend will include group time, quiet time, crafts, food, music, and of course, time to enjoy the beauty and sacredness of Moon Beach.

Our retreat will be facilitated by women who have experienced this abuse. Clergy and/or chaplain services will also be available.
