

## Instructions for Signing Up for the Damascus Project Network

The registration for the Damascus Project **Network** is different from the registration on the Damascus Project website. After clicking on the link [registration link](#), you will need to create (if you aren't already part of the Damascus Project Network) a free account to join the Damascus Project Network (select "free plan" when you get to the landing page).

Once you've signed up and you're in the site, find "Cohorts" in the navigational bar to the left. Click on Cohorts; a list of available cohorts will appear. Find the Cohort for "Faith Formation and Youth Ministry Leaders" and click on it to join.

Now you are in and can start engaging in the network as a whole and what it has to offer and also can start posting within the Faith Formation and Youth Ministry Leaders cohort.

If you join the cohort and RSVP to the Thursday Zooms, you can set it up to receive weekly reminders with the Zoom link included.
