

For a Better Quality of Life...MRD.

The Montrose Recreation District is like others, facing a challenge of a lifetime. In the strong spirit of partnership and health that are foundational principles of our agency, we work with the community and we give back. As one example: for individuals and households on monthly billing option for the facilities Annual Pass, we have waived the April payment.

If you have the means, there are several ways that you can also help.

We encourage those who can, to consider donating to the Montrose Community Foundation through the COVID-19 Montrose Emergency Relief Fund for use within the local area.

Consider purchasing gift certificates to support future uses of the Recreation District and to local Montrose businesses. To purchase a certificate to be used with the MRD, we are pleased to offer that to you over the phone. Call and leave a detailed message (249-7705), we will return your call to gather your payment, and will mail your certificate to you. If you purchase certificates for gifting to others in need, we will distribute those through our annual Play It Forward certificates. Our staff and board are diligently working to help our community to survive and in the near future, return to a thriving city.

Our mission is as strong as ever:

The Montrose Recreation District's purpose is to provide, manage and maintain quality recreational facilities, programs, and services, which will enhance the learning, leisure and recreation opportunities that promote a healthy community.

Thank you, stay safe
