NEW! Artists Tours 4501007

We will tour with three artists in Hotchkiss.

Ira Housewear Metal Works – Ira recognized early in life a passion for metal work. He has honed his skill to create a wide variety of furniture, balustrades, sculpture, and hardware, including cabinet hardware, curtain rods, bathroom sets, towel holders, and door latches. He uses traditional forging techniques as well as modern welding fabrication to create his unique pieces. His work can be seen all around the North Fork Valley.

Artist/Photographer Mary Hockenberry - Mary purchased a vacant church in 2014 and turned it into the Church of Art. In 2016 the gallery closed and the process of converting it to a home for Mary and her husband began. They moved in July 2017. They continue to add murals and folk art pieces to the exterior for visitors to enjoy. We will meet with Mary and view the exterior murals.
