---

APRIL 01, 2021

### April is National Autism Awareness Month

April is National Autism Awareness Month. Within the range of the Autism Spectrum Disorder (ASD), one person may have a high level of intelligence but not have the basic social skills required to navigate everyday life while another person may have delayed learning of language skills. ASD affects each individual differently with a range of symptoms occurring at varying intensities from mild to severe in relation to social and communication skills.
