WorkforceGPS this week!

NOVEMBER 30, 2023

National Miners Day

Each year on December 6, we celebrate National Miners Day to recognize the skill, dedication, and hard work miners put into providing many of the products essential to fulfilling America's most vital needs.

NOVEMBER 29, 2023

Geospatial Technology Competency Model Update

The U.S. Department of Labor's (DOL) Competency Model Clearinghouse has released a newly updated Geospatial Technology Competency Model which provides a redefined competency framework outlining cross-cutting and sector specific competencies and skills needed by professionals along with the latest industry and related links.
